Github Repository:

The screenshot shows the GitHub interface for a repository named 'mscs630Barbieri' by user 'marcosb1'. The repository is private and has 4 commits, 1 branch, 0 releases, and 1 contributor. The main branch is 'master'. A 'Clone or download' button is visible, which has opened a modal showing the 'Clone with HTTPS' option. The modal displays the URL 'https://github.com/marcosb1/mscs630Barbieri.git' and provides buttons for 'Open in Desktop' and 'Download ZIP'. The repository description is 'MSCS-630L Security Algorithms & Protocols'. The file list shows 'crypt/labs' (specifying java template) and '.gitignore' (lets keep template files + added some rules in .gitignore). A prompt at the bottom suggests adding a README.
